Report:

This program was conducted as per schedule provided on each Saturday 3.00pm to 5.00 pm .

The resource person : Mr Humbe Nitin (Physical trainer)

1. In above said program covered various important points related to Health , Diet , daily Yoga and other physical exercises, to mainly emphasize on the modalities through which students could take care of their health and remain fit..
2. Thus Webinar found to be very useful for the students related to awareness about health and fitness in future.
3. This program could make awareness about various sports.
4. Also this program made the students habitual to do exercise

Objective of Course:

1. The goal of this webinar was to provide ready-to-implement ideas and practices in the areas of health, physical education, sports and athletics, fitness, and adapted activity.

Outcomes of the course:

By the end of this program, the student will be able to

1. Understand the basic needs for good health.
2. Become disease resistant.
3. Will aware of nutritional food and unhealthy food.
4. understand the importance of exercise and yoga
5. Overallly they will able to physically fit .

Department of Mechanical Engineering

NOTICE

Date: 27/12/2021

The students of Department of Mechanical Engineering are hereby informed that department is going to organize Short duration program on “healthy food, physical fitness and sports” from 1st January 2022 to 29th January 2022. As a part of long life skill development, this program plays important role to provide physical fitness .

So almost all students are hereby instructed to participate and become well practiced for sports .The interested students can register on or before 31/12/2021.

ICT/Computing Skills

(Introduction to IOT and Hands on Training on Arduino)

Programme

2021-22

Department of Electronics and

Telecommunication

Objectives & Outcomes of Guest Lectures

Objectives -

1. Guest Lectures add interest and excitement, which can increase student involvement. The students may have a personal interest in the thoughts of the guest lecturer. The guest lecturer could be a renowned expert in the field or the author of the course textbook. There are many reasons why the students might find it particularly interesting to have access to the guest lecturer. If their interest is perked, the students are more likely to want to get involved. This involvement and the ensuing discourse can add synergy to the online learning so that everyone can feed off of the energy and knowledge of other participants.
2. They provide students with alternative perspectives, opinions, and personal experiences that can reinforce the teachings of the teacher. The guest lecture may have stories or anecdotes other than those used by the regular teacher. If multiple perspectives arrive at the same conclusion, that conclusion can be reinforced in the minds of the students.
3. Guest Lectures provide expertise in select areas within which the teacher may have limited knowledge. Not everyone that teaching a course is an expert on every aspect taught within the course. In fact, few teachers probably are. The key is to know who is and to find ways to get them involved in the course so as to best benefit the students.
4. They provide the teacher an opportunity to concentrate more on the students. If the teacher is less involved in the teaching of the content, then more time becomes available to take a step back and view the discussions taking place in the course. The teacher can pay more attention to who is posting comments, at what level of quality those messages are, and whether the conversation has sparked an interesting tangent discussion to give a few examples. The teacher can furthermore take the time to try and get some of the less active students involved in the course through personal messages or emails.

Principal
Adul's Technical Campus
Chas, Ahmednagar

Outcomes

1. Guest lecturers offers students the opportunity to meet passionate, committed and critical people and to learn from them in various ways.
2. Guest lecturers provide an important educational experience for students based on their real-world life experiences. Students get to see the insight and perspective of the guest lecturers' specific field. The format can enable students to interact with professionals in formal and informal settings. Through discussions, interpersonal competence and communicative skills are fostered. Guests' contributions can take the format of a single lecture, a lecture series over a specific period or workshops.
3. Another outcome is the link that students get to make between what they learn in their textbooks and the experiences shared by the guest speaker. Students thereby build important connections between what they have learned and the real world.
4. Guest lecturers can act as role models and bring an authentic, vivid picture of the real world to students, thereby enabling trans disciplinary learning. Experiences and perspectives from local actors and entrepreneurs inspire students in their own (entrepreneurial) projects, creating motivation and an action-orientation. They bring in special expertise and experiences that teachers cannot provide. The extent to which guest lecturers' inputs are valuable depends however on the guests' personal skills, their experience and personality.

Activity Report

Type of Event: Guest Lecture
Topic: Introduction to IoT & Hands on Training on Arduino
Speaker: Mr.Suryawanshi R.V.
Organised by: Department of E&TC Engineering, Adsul's Technical Campus
Date: 10/8/2021
Attended By: Students of TE/BE E&TC Department
Venue: Seminar Hall

Description:

The Guest Lecture was started with the Welcome of the Guest and Principal, Adsul's Technical Campus. The welcome address was given by Prof.Gundpujari P.S. Guest Speaker Mr.Suryawanshi R.V. delivered lecture. The aim and summary of the Guest Lecture are given below.

Aim of the Guest Lecture:

- Introduction to various platform-based development (Arduino)
- Programming and its essentials
- What projects can be accomplished using an Arduino
- The different varieties of Arduino boards
- Some useful widgets to use with your Arduino

Summary of Presentations:

The presentations clearly explained the need of communication in today's era. How it is beneficial and why it is important is explained by speaker. The Guest Lecture was ended with the Vote of thanks by Prof. Puranik S.C

Coordinators:

- 1) Prof.Mahajan P.R
- 2) Prof.Gundpujari P.S

- vi) Yoga is highly recommended for the people in competitive, stressful working environment.
- vii) After a good practice of yoga, the mind become vibrant.
- viii) Much healing can be done, but it takes practice and consistency.
- ix) In yoga, one should concentrate total awareness of our energy and how it flows.
- x) one should learn how body and mind works together.
- xi) The benefits of yoga are numerous, including physical fitness, stress control, general wellbeing. Yoga can be seen that not only as a way to get into shape but also as tool for self

Programme

2021-22

Department of Computer Engineering

Objectives & Outcomes of Guest Lectures

Objectives -

1. Guest Lectures add interest and excitement, which can increase student involvement. The students may have a personal interest in the thoughts of the guest lecturer. The guest lecturer could be a renowned expert in the field or the author of the course textbook. There are many reasons why the students might find it particularly interesting to have access to the guest lecturer. If their interest is perked, the students are more likely to want to get involved. This involvement and the ensuing discourse can add synergy to the online learning so that everyone can feed off of the energy and knowledge of other participants.
2. They provide students with alternative perspectives, opinions, and personal experiences that can reinforce the teachings of the teacher. The guest lecture may have stories or anecdotes other than those used by the regular teacher. If multiple perspectives arrive at the same conclusion, that conclusion can be reinforced in the minds of the students.
3. Guest Lectures provide expertise in select areas within which the teacher may have limited knowledge. Not everyone that teaching a course is an expert on every aspect taught within the course. In fact, few teachers probably are. The key is to know who is and to find ways to get them involved in the course so as to best benefit the students.
4. They provide the teacher an opportunity to concentrate more on the students. If the teacher is less involved in the teaching of the content, then more time becomes available to take a step back and view the discussions taking place in the course. The teacher can pay more attention to who is posting comments, at what level of quality those messages are, and whether the conversation has sparked an interesting tangent discussion to give a few examples. The teacher can furthermore take the time to try and get some of the less active students involved in the course through personal messages and/or emails.

Outcomes

1. Guest lecturers offers students the opportunity to meet passionate, committed and critical people and to learn from them in various ways.
2. Guest lecturers provide an important educational experience for students based on their real-world life experiences. Students get to see the insight and perspective of the guest lecturers' specific field. The format can enable students to interact with professionals in formal and informal settings. Through discussions, interpersonal competence and communicative skills are fostered. Guests' contributions can take the format of a single lecture, a lecture series over a specific period or workshops.
3. Another outcome is the link that students get to make between what they learn in their textbooks and the experiences shared by the guest speaker. Students thereby build important connections between what they have learned and the real world.
4. Guest lecturers can act as role models and bring an authentic, vivid picture of the real world to students, thereby enabling trans disciplinary learning. Experiences and perspectives from local actors and entrepreneurs inspire students in their own (entrepreneurial) projects, creating motivation and an action-orientation. They bring in special expertise and experiences that teachers cannot provide. The extent to which guest lecturers' inputs are valuable depends however on the guests' personal skills, their experience and personality.

Proposal

To,

The Principal,

Adsul's Technical Campus,

Ahmednagar.

Sub: Proposal for conducting a guest lecture on Language and Communication Skill

Respected sir,

Greetings...I am writing this letter to seek your kind permission for conducting a guest lecture on "Language and Communication Skill" in our institute in the month of October for TE/BE students of Computer Engineering.

This programs budget will be approximately 3000/- including honorarium of guests. For this program Conference Hall will be required. I ensure you no harm will occur during the program.

I request you to kindly grant permission to use the above-said venue.

Yours Sincerely

Activity Report

Type of Event:	Guest Lecture
Topic:	Language and Communication Skill
Speaker:	Prof.Ajay Ahiwale Bhistabag Ahmednagar.
Organised by:	Department of Computer Engineering, Adsul's Technical Campus
Date:	18/10/2021
Attended By:	Students of TE/BE Computer Department
Venue:	Conference Hall, Ground Floor.

Description:

The Guest Lecture was started with the Welcome of the Guest and Principal, Adsul's Technical Campus. The welcome address was given by Prof.Dange sir of Computer Department. Guest Speaker Prof.Ajay Ahiwale delivered lecture.The aim and summary of the Guest Lecture are given below.

Aim of the Guest Lecture:

1. Understand the role of communication in personal & professional success.
2. Provide an outline to effective Organizational Communication.
3. Underline the nuances of Business communication.
4. Demonstrate his/her ability to write error free while making an optimum use of correct Business Vocabulary & Grammar.

Summary of Presentations:

The message "Language is not a genetic gift, it is a social gift..." is delivered by guest speaker through this lecture . The presentations clearly explained the need of communication in today's era. How it is beneficial and why it is important in our day today life was told by speaker. The Guest Lecture was ended with the Vote of thanks by Prof. Kohokade P.D

Dear Sir,

We are very much thankful for sparing time for the inauguration ceremony of Health Awareness Program. Your kind presence in the program encouraged us a lot and made us more confident in our struggles. It was a great pleasure to host you at our organization as the Chief Guest.

I appreciate your interest in the well-being of the youth. Your suggestions have provided us with a guideline to proceed more precisely for the betterment of this noble cause. We hope this kindness and cooperation will continue in the future.

With regards,

Activity Report

Event Name: Health Awareness Program

Name of the Guest: Dr Sonowane

Date of Event: 26/02/2021

Number of Participants: 70

Objectives:

- To provide technical support to the Department of Health and Family Welfare for achieving Universal Health Care accessible to all citizens and to prioritize special groups..
- To facilitate transparency and maintenance of standards in Counselling for medical education
- To facilitate in prevention, mitigation and elimination/eradication of communicable diseases of public health importance including emerging and re-emerging diseases.
- To facilitate in prevention, mitigation, and containment of public health emergencies due to biological (including zoonotic), chemical, radiological and nuclear hazards in disaster situations.
- To promote healthy living and to facilitate prevention, early detection and management of non-communicable diseases.
- To ensure provision of state-of-the-art Emergency Care Services, including medical, surgical (especially Trauma and Burn Care), pediatric and obstetric emergency care for all.

Rural Healthcare is one of the biggest challenges that India is facing today. High mortality rates are subjected to poor health care facilities in the rural areas of India. More than 70% of India's population is living under the roof of rural setup. These poorly established houses experience lack of proper supply of water and electricity. They manage to get a little water from far away distant places in order to proceed with their daily activities. Apart from this, their situation is vulnerable because of lack of education and public health awareness.

The key challenges in the health care domain are poor accountability, low-quality care, lack of health awareness and limited access to health facilities. As a result, majority of people in India, turn to local private health sector as their first choice of care. Local private health care is expensive and unregulated sometimes.

Expert Lecture On Physical Fitness 2019-20

An Expert lecture was organized on Physical Fitness on 28th December 2019 at Adsul college of engineering & MBA Ahmednagar. All the staff members and Principal of the college were present; lecture was started by welcoming expert Dr. Sonawane B. T. Chasahmednagar. He enlightened the students with a message "Total Health with Yog." According to his intellectual belief, there is a soul connection between the body and mind. Doctor imparted awareness about nutritive intake and correct body alignments to avoid spinal abnormalities. His lecture also provided recommendations that need to be implemented in our daily diet. This informative lecture turned out to be a milestone for students as it motivated them to take active measures for their optimal health with respect to proper body posture and spinal alignment. He explained about the importance of exercise.

Physical activity or exercise can improve your health and reduce the risk of developing several diseases like type 2 diabetes, cancer and cardiovascular disease. Physical activity and exercise can have immediate and long-term health benefits. Most importantly, regular activity can improve your quality of life. A minimum of 30 minutes a day can allow you to enjoy these benefits.

INTERNATONAL YOGA DAY

21st June 2019

Adsul Technical campus, Chas Ahmednagar enthusiastically celebrated 5th International Yoga day, on 21st June, 2019. Many students and staff took part in this celebration and practiced YOGA. It was a matter of joy for all Yoga Enthusiasts that the "Vishva Yoga Divas- WORLD YOGA DAY" got declared to be celebrated on June 21st. The day was chosen, as it is the longest day of the calendar year, a day connected with Sun, light and nature and not a day of personal importance. The yoga Mr Giri D.Y instructors listed importance of mind, body and soul nourishment through YOGA. Proper scientific instructions were given for all the yoga asanas and all the participants performed it as per instruction. Various asanas like Makarasana, Pavanmuktasan, Tadasan, Vrikshasana, Butterfly etc. were performed and its uses were told to all. Yoga develops strength and balance as well as inner peace. All yoga styles create a feeling of lightness, ease and relaxation

Time: 8:00am

Venue: Main ground

Trainer: Mr.Giri D.Y

YOGA AND MEDITATION

Yoga and meditation workshop is organized every year students.

Aim

- To Keep the Physical body in a Healthy Condition

Organized by:

ADSUL TECHNICAL CAMPUS FACULTY
OF ENGINEERING & MBA

In Collaboration with

Miss. Shrilata Adep

21st August 2018

Our Institute always arranging the expert lecture and seminars for student's personality development.

Now also our college organizing the Expert lecture on "Interview Techniques and Spoken English" by Miss. Shrilata Adep, Ahmednagar. She is the best guide for interview techniques and spoken English. She guides our students about the aptitude test taken during the interview process. She teaches the logics and techniques about how to solve questions and how to speak fluently in front of interviewer.

Spoken English part includes the grammatical concepts and techniques of speaking in front of people. Our students get best knowledge by her about Interview techniques and English Speaking. All Doubt of Students are solved by her. Student discusses their problems with Miss. Shrilata Adep.

Our Students were so thankful to our principal Sir and all the departmental staff of ATCFOEM to provide such a great opportunity to interact with Miss. Shrilata Adep.

REPORT ON
INTERNATIONAL YOGA DAY AND MEDITATION CELEBRATION

Objective of The Event

Yoga improves posture, increase the intake of oxygen and enhance the functioning of all Body systems like respiratory, digestive, endocrine, reproductive excretory system etc.

- i) It's effects on the emotions are equally beneficial by calming down the mind.
- ii) Yoga also cures behavioral disorder, nervous breakdown and manic depressions.
- iii) Asanas enhance muscle strength, coordination, agility and range of motions.
- iv) Yoga gives you the capacity to face up the life's challenges. when you respect your body, you tend to do things that will enhance its vitality.
- v) Yoga helps to maintain the acid-alkaline ratio which is crucial to good health. It tissues, leading to fatigue, dulled mind, headaches, depressions and arthritis.
- vi) Yoga is highly recommended for the people in competitive, stressful working environment.
- vii) After a good practice of yoga, the mind become vibrant.
- viii) Much healing can be done, but it takes practice and consistency.
- ix) In yoga, one should concentrate total awareness of our energy and how it flows.
- x) one should learn how body and mind works together.
- xi) The benefits of yoga are numerous, including physical fitness, stress control, general wellbeing. Yoga can be seen that not only as a way to get into shape but also as tool for self
